Success with Bladderwrack!

My son suffered with blotchy skin and a cold sore that just wouldn't go away. He also had candida that I could not get under control no matter what I tried.

I wrote to Solomon and he recommended the Pure Herb Bladderwrack for the both of us to get rid of excess aluminum we had.

After two weeks my son's skin became much clearer and the cold sore he had for six months went away!

Finally, I am able to keep candida under control. The high levels of aluminum that we had caused many of our problems and the Pure Herb Bladderwrack has halped us to eliminate the dangerous metal from our body.

Thank you so much! I swear by your Pure Herbs. They are the highest quality and work so well!
