**Natural Herbs For Those Who Suffer With Arthritis**

My people perish for lack of knowledge. *Hosea 4:6*

**A.-W | 1st Arthritis Herb**

**This combination herb is an answer to the hopeless torment known to millions upon millions of people around the world awaits in this combination, for it relieves, corrects and heals, [no matter what the person's age] the sore joints and muscles of arthritis and rheumatism sufferers.**

**Combination | alfalfa, juniper berry, dandelion root, oregon, grape, echinacea, knitbone [comfrey], wild rose hips, bitter orange.**

**Dose | 40 to 80 drops after meals 3 times per day. Also rub on affected areas.**

**December 22, 2008 Customer testimonial for A.-W.**

**Hi! Not all men are willing to go to a doctor and my husband is one of those men. For two months Bob used a cane because his ankles were swollen and in pain. His elbow was also hurting him. I had to go to the doctor for my carpal tunnel in my wrists and I asked my doctor what to do with a man that won't go to a doctor?**

**He said, "Make an appointment." I took his advice and my husband had X-rays taken that revealed he had arthritis. Thanks so much Pure Herbs for the combination her A.-W. Only one week on that product and his elbows and ankles are 90% better. He takes two droppers in the morning and two at night.**

**Arnica Oil Blend | 2nd Arthritis Herb**

style="font-size: 10pt; "><span style="font-family: tahoma,arial,Helvetica,sans-serif;">This blend was put together by Practiced Herbalist, Jean Kinnett, who recommends this highly successful combination to be a powerful blend to pull trauma out of the body. It's excellent for muscles, tendons and ligaments. It's good for relief of aches and pains associated with sports injuries, sprains, backache, muscular aches, bruises, inflammation, and the pain of arthritis.

</span></span></p> <p><span style="font-size: 10pt; "><span style="font-family: tahoma,arial,Helvetica,sans-serif;">Indian Tobacco is a powerful relaxant for nerves and muscles to relieve spasms and cramps. Rosemary's a wonderful stimulant for circulation and excellent for nerve pain. Universal ER. is excellent for any trauma or shock held in the muscles. Wintergreen Oil is excellent for circulation.</span></span><span style="font-size: 10pt; "><span style="font-family: tahoma,arial,Helvetica,sans-serif;"> </span></span></p> <p><span style="font-size: 10pt; "><span style="font-family: tahoma,arial,Helvetica,sans-serif;">Combination | Arnica is a base of peanut oil, Indian tobacco, rosemary, universal E.R and wintergreen oil </span></span></p> <p><span style="font-size: 10pt; "><span style="font-family: tahoma,arial,Helvetica,sans-serif;">Dosage | Apply the arnica oil blend to sore muscles or bruised areas. Many of us suffer from hurting, aching, stabbing joints. It can be so bad it becomes a form of torture and keeps us from our normal life activities. It can hit us anywhere we have joints; knees, shoulders, elbows, fingers, neck, back, toes and you name it. You may have been told it is normal to have problems like that. This is not true. </span></span></p> <p><span style="font-size: 10pt; "><span style="font-family: tahoma,arial,Helvetica,sans-serif;">You may have been told, it's just because you are getting older. This is not true either. But when you are in pain you don't want a lecture about diet or stress. You want relief now! This is easy to understand. You don't care if the relief is from an over-the-counter drug or a doctor's drug or his needle as long as you can get rid of the pain. </span></span></p> <p><span style="font-size: 10pt; "><span style="font-family: tahoma,arial,Helvetica,sans-serif;">Ever since we lived in caves and right on up till now we have craved a workable non-drastic solution. Now there is one. It is an herbal solution called Joint Helper! For your convenience Joint Helper is a roll-on.</span></span><span style="font-size: 10pt; "><span style="font-family: tahoma,arial,Helvetica,sans-serif;"> </span></span></p> <p><span style="font-size: 10pt; "><span style="font-family: tahoma,arial,Helvetica,sans-serif;">What does it do? It is a herbal combination that you apply externally which penetrates deeply and immediately for relief of joint discomfort.</span></span><span style="font-size: 10pt; "><span style="font-family: tahoma,arial,Helvetica,sans-serif;"> </span></span></p> <p><span style="font-size: 10pt; "><span style="font-family: tahoma,arial,Helvetica,sans-serif;"> </span></span></p>

10pt;"><span style="font-family: tahoma,arial,Helvetica,sans-serif;">Where did Joint Helper come from? It was there all the time in the herbal world.</span></span><span style="font-size: 10pt;"><span style="font-family: tahoma,arial,Helvetica,sans-serif;"> </span></span></p><p><span style="font-size: 10pt;"><span style="font-family: tahoma,arial,Helvetica,sans-serif;">How was it discovered? It came from the condition of suffering and the sheer necessity to find a natural solution. It came from a deep and abiding faith in the herbs and years of development. From this came the final product called Joint Helper.</span></span><span style="font-size: 10pt;"><span style="font-family: tahoma,arial,Helvetica,sans-serif;"> </span></span></p> <p><span style="font-size: 10pt;"><span style="font-family: tahoma,arial,Helvetica,sans-serif;">What is in it and how do the ingredients work? It contains capsicum for circulation, arnica to erase effects of pain, witch hazel to repair, peppermint oil for penetrating cool, indian tobacco to relax, horsetail for flexibility, sweet cassava starch for body, coconut oil to nourish tissues, lecithin to coat nerves, xanthan gum for consistency, glycine amino acid, protein as a lubricant, honeysuckle as scent and purified water for liquidity.</span></span></p> <p><span style="font-size: 10pt;"><span style="font-family: tahoma,arial,Helvetica,sans-serif;">How do you use it? You simply roll it on the hurting joint areas as directed. Within seconds or minutes you will feel it start to work and give relief. You may feel heating or cooling or electrical sensations. Or you may feel any combination of these at the same time. </span></span></p> <p><span style="font-size: 10pt;"><span style="font-family: tahoma,arial,Helvetica,sans-serif;">You may have different sensations according to what your joints want and need. Mine did. I was just bending over watering the flowers. I felt a snap and then I couldn't walk right or stand without pain. This had never happened to me before. I started sweating from panic and then anger that my body had somehow betrayed me. Then I felt very alone and helpless. Was I going to be like this from now on? A thousand things went through my mind in hurry. </span></span></p> <p><span style="font-size: 10pt;"><span style="font-family: tahoma,arial,Helvetica,sans-serif;">None of them good. In sheer desperation I remembered the sample of Joint Helper that had just been given to me. Somehow I got into the house and got the Joint Helper and put a lot of the roll-on down my lower spine and then from side to side over the back of my hips. First it felt soothing, then cooling, then the heat and tingling kicked in. </span></span></p> <p><span style="font-size: 10pt;"><span style="font-family: tahoma,arial,Helvetica,sans-serif;">In a short while I could walk again without pain. I couldn't believe it! The Joint Helper keep working on and off for hours. For the next three days or so every time I needed the Joint Helper, I used it until I didn't need it anymore. Now I carry it with me just in case.</span></span><span style="font-size: 10pt;"><span style="font-family: tahoma,arial,Helvetica,sans-serif;"> </span></span></p> <p><em><span style="font-size: 10pt;"><span style="font-family: tahoma,arial,Helvetica,sans-serif;">G.W. Customer testimonial no. 2 for Joint Helper

Joint Helper is not just for joints. I got a charlie horse [cramp in the calf of my leg] while sleeping. The cramp was so bad my leg muscles still hurt the next day. It was difficult to walk. So I put Joint Helper on it. One use of the Joint Helper roll-on was enough to fix it. Thanks for a wonderful product!

**B.J. Mt. Clemens, MI**

Customer testimonial no. 3 for Joint Helper

Our friend's mother has suffered with arthritis for many years now. She heard about Joint Helper and tried it. She rolled it over the areas that hurt the most and then the rest. The next day she said, In all my years of suffering nothing has ever given me that much relief and I've tried it all. Send me a dozen roll-on bottles!

**A.P. Bay City, MI**

Customer testimonial no. 4 for Joint Helper

My wife has screws in her back bone from an operation and is in more or less constant pain. She decided to try Joint Helper roll-on over the whole area. She said, It helped me more than anything else I have used to get some peace and relief from the discomfort I suffer with.

**J .D. Royal Oak, MI**

**CA.-W | 7th Arthritis Herb**

This calcium combination herb is the vital link in the chain of nutrients required for a healthy body with calm nerves and strong bones. Without it a person may experience cold sweats, teeth that hurt, pounding or irregular heart beat, ringing in the ears, muscle cramps, bones that become like lace [porous] and crumble. Press the tip of the breast bone at the bottom where the ribs come together and see if it hurts.

If so, you can be assured you lack Calcium. The more sensitive, the greater the problem. Do not despair. Nature has provided the rescuer. Bones were not meant to become weaker with age. Every year an animal lives in the wild, eating its normal diet, its bones become stronger.

Did you ever see a cow or a deer with arthritis? Cows and deer have incredibly strong bones to support great weight or take the pounding of swift flight from danger or the sheer pleasure of freedom that comes to those that can tirelessly run like the wind. calcium, for them, comes from plants. Now you can have that calcium too -- without having to chew all day to get it.

Horsetail and oat straw are included in this combination for the unusual properties of containing an element named silicon rather than calcium. It is not supposed to be possible, according to scientists, to change one element to another without a thermonuclear explosion, but some body types can, apparently, change one

element into another, as in the case of changing silicon into calcium.

Experiments run with chickens, where all the dietary intake of calcium was carefully monitored and measured, even the calcium in their drinking water, showed increased eggshell production and increased bone density when silicon was added to their diet. They did not get enough calcium to do that. That is not possible, but then the chickens did not know that.

Perhaps there was something about a goose that laid a golden egg. At any rate, some people who have difficulty assimilating enough calcium to repair a broken leg, do get the that broken leg fixed with calcium filling in the break by taking an herbal Silicon source. CA.-W provides dietary calcium and silicon from active vegetables sources.

Combination | horsetail, oat straw, knitbone, dulse, dandelion leaf, red raspberry leaf, indian tobacco

Dose | 20 to 40 drops, 3 times per day. In a broken bone or if severely deficient, then 80 drops, 3 times per day

**Chuchuhuasi | 9th Arthritis Herb**

Chuchuhuasi apparently works on the actual cause of arthritis and, in this manner, restores joints to working order. This is the South American Indian name for the rain forest tree known botanically as *Maytenus macrocarpa*. Its home is the steamy jungles of Peru, where it is well known and used by the people, especially in and around Iquitos, Peru on the Amazon river.

Because of the remoteness of this area, its use was unknown to the rest of the world until recent times. Yet, it is now, perhaps, the most popularly used rain forest herb in Peru. Life in a jungle environment means dealing with infections, bites and diseases of many kinds. Remedies must be found and used.

Chuchuhuasi serves this multi-purpose function, and it is commonly taken in the liquid extract form. Among Chuchuhuasi's strongest properties is the building of immunity and, at the same time, enhancing sexual activity and function. The ability of Chuchuhuasi to do this has attracted strong scientific interest.

This is accomplished by using the root bark as a liquid and taking orally three times per day. Rather than just working on the relief of symptoms, Chuchuhuasi apparently works on the actual cause of arthritis and, in this manner, restores joints to working order.

This, of course, has aroused considerable excitement in the scientific community. The same can be said regarding Chuchuhuasi's anti-tumor properties. The United States Department of Agriculture has isolated the alkaloid [active bitter compound] maytansine as being most prominent in the compounds believed to be active in the shrinkage of tumors. As if all this would not be enough to recommend the daily use of Chuchuhuasi, it is also applied to the skin to repel jungle mosquitos.

Now, the mosquitos of the Peruvian jungle are rumored, by the local inhabitants, for the benefit of tourists, to be, So large you can hear them when they walk, and Senior, they may even possess backbones!

At any rate, accounts of their ferocity are legendary and Chuchuhuasi undoubtedly a welcome remedy.

Dose | 40 to 80 drops 3

times per day as maintenance. 1 tsp. 3 times per day for more serious cases. Externally as given above.

**Una De Gato | 10th Arthritis Herb**

Una De Gato is a Spanish named herb pronounced [oon-yuh-day-got-toe] that means claw-of-cat or, as we would say in English, cat's claw. In the remote area of Iquitos, Peru, where Una de Gato is at home, it is very widely used and depended upon to handle a wide variety of problems, including those of a serious nature. Here is what is listed in Peru as the traditional and accepted South American Native Folk Medicinal uses of Una de Gato.

Una De Gato can be taken to correct arthritis, rheumatism, cancer, gastritis, irregularities of the female cycle. From all reports, this is one of the South American Indians' very best arthritis remedies. Although it is not scientifically accepted, people there use it and get rid of their arthritis, including the type we call rheumatoid arthritis, where the body is actually fighting itself.

Una de Gato is also, especially, noted for its anti-viral properties, tumor dissolving properties, its effects on cellular regeneration and cardiovascular repair. As in all jungle areas, one of the things which must be guarded against is infections.

Una de Gato is a potent immune system builder. This is especially important in conditions described as rheumatoid arthritis and or osteoarthritis, where the body is attacking itself, commonly called auto-immune reactions. Una de Gato reestablishes the proper immune system orientation for cells that are true friends and those that are the actual foes. A strong immune system is essential to reversing the effects, and prevention, of any kind of disease.

Hence, a wide range of disorders are reported to be corrected by the use of Una de Gato in Peru and Europe. Very well documented South American medical information shows Una de Gato to be nearly miraculous in combating cancer, even in advanced stages, where as much as 10% of body cells are in a state of metastasis. Because of the shared reputation Una de Gato has earned for itself, no immune problem or cancer is regarded, in Peru, as incurable.

Dose | 40

drops, 3 times per day to maintain immunity. For disease conditions listed above, 1 tsp. to 1 tbl. 3 times per day. With the use of Una de Gato, as with any herb that destroys bad cells [cancer], do use a good bowel management program which produces two, and preferably three, easy and complete bowel movements per day.

In this manner, the wastes and poisons the body is getting rid of, can be eliminated from the body and nausea is prevented. This allows the body to clean itself up and to get well. Common sense and good sense, both, demand that you eliminate anything from the diet and the environment which is a poison.

A good place to start, regarding what you eat, is any food with any kind of chemical additives such as: chemical dyes, preservatives, flavor magnifiers, stabilizers, pesticides, herbicides, and the like. Eliminate junk foods -- and you do know what those are.
